# Sensational Summer!

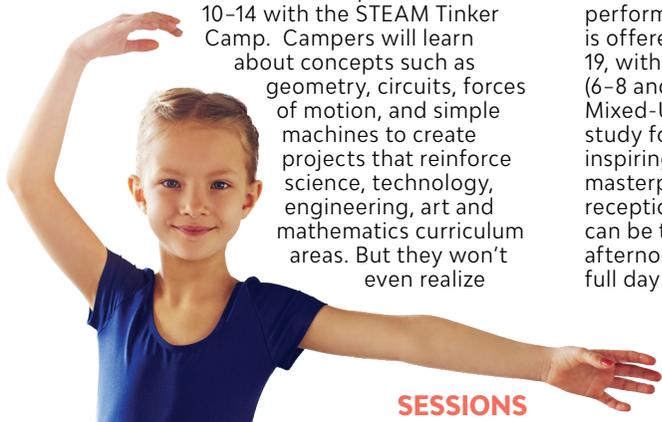

## Performing & Visual Arts

Summertime fun is ahead for ages 6 and up with the Arts Center's creative, action-packed summer camps! No matter their interests, there's something for everyone! Summer sessions run June 10 through August 9.

Arts Center camps kick off June 10-14 with the STEAM Tinker Camp. Campers will learn about concepts such as geometry, circuits, forces of motion, and simple machines to create projects that reinforce science, technology, engineering, art and mathematics curriculum areas. But they won't even realize

they're learning, the camp is such a blast! For ages 7-12, Steam Tinker Camp is \$130. A second session will be offered July 8-12.

Take the Stage participants will explore music, dance and drama. Students will be exposed to a variety of performing art forms and will perform a mini showcase on Friday. This camp is offered twice, June 17-21 and again July 15-19, with each session offering two age groups (6-8 and 9-13). Running at the same time is Mixed-Up Masterpieces, where students will study folk and fine art from around the world inspiring traditional and unusual 2D and 3D masterpieces. A mini-showcase exhibit and reception will be held on Friday. These camps can be taken individually in the morning or afternoon, or can be combined to offer a full day experience (10 AM - 3 PM for both
