

Calling the Brightest: *Intern at the Arts Center this Summer!*

Boosting the resume with truly significant experience is a must for recent college graduates. In preparation for the job hunt ahead, we invite college and high school students to apply for a summer internship at the Arts Center! It's exciting, challenging and fun!

Each spring at the Arts Center, we interview a group of interested students who hope to learn and assist as summer interns in areas from backstage to box office, marketing and fundraising to stage management, arts education and arts management. First year internships do not have an accompanying stipend, however the Arts Center will work with you to schedule your time in a manner that may allow you to also pursue a part-time job.

Rising Senior Cameron Wynne spends 10+ hours weekly at the Arts Center, learning from the professional staff in every area from production to arts management. This is Cameron's second year interning with the Arts Center!

To apply, e-mail a résumé and cover letter specifying your area of interest, your goals, a bit about yourself and why you want to intern here, to Alana Adams, Senior Director of Education, Aadams@artshhi.com. Your résumé will be routed to the specific department. The award-winning Arts Center of Coastal Carolina can be the ticket to your future success.
